 Spaxton Community Stores

As this is written your new Community Shop has been open for 6 weeks. It's still early days but there is every sign that it is turning into yet another Community Shop success story. The amount spent in the shop has exceeded what we planned on every week so far. It seems that every day someone discovers the convenience of shopping locally. It has to be better than waiting in Bridgwater's traffic!

This is due to the hard work of the shop committee and a team of over 40 helpers who do a stint in the shop. Let us know if you would like to join the team.

We are still learning what you want from your shop. Some items sell out almost as soon as we get them in. Others have lingered on the shelves. But in your shop you can ask for something to be stocked and we nearly always manage to get it in. Try that in Sainsburys!

Our prices largely depend on what the suppliers charge us. We have never intended to threaten ASDA's profits but we aim for good value and we know that some items cost less than supermarket equivalents. And if quality, pleasant surroundings and convenience matter to you we win every time!
