Towards the end of last year there was a great deal of concern about a new lagoon for digestate originating from Cannington Enterprises. A meeting of the parish council and a meeting in the hall were packed. At those meetings email addresses were taken so that those concerned could be kept in touch with developments.

In this edition of the SCN references are made to other issues arising from the operation of the anaerobic digesters at Cannington Enterprises. First steps have also been taken towards getting more digesters at Currypool.

If you are concerned, want more information, have something to share or just want to be kept up to date write to spaxtonlagoon@yahoo.com and we'll put you on the email list. Of course, your details will not be shared with anyone else.
