

NO DOGS ON THE PLAYING FIELDS AT THE VILLAGE HALL

At a recent Village Hall Committee Meeting the issue of dogs being taken onto the playing fields was raised. As this is a dedicated playing area where children and adults expect to be able to sit, fall, crawl or lie on the grass they do not want to find dogs' mess anywhere on the field. As this is unpleasant and a health hazard there are signs around the car park prohibiting dogs using the field. This is not because we don't like dogs but to keep the playing fields clean for everyone to be able to use without the risk of contamination.

Even though most owner's clean up after their dog has made a mess, it is still not acceptable to allow any dogs onto the field, except guide dogs of course. Please respect and cooperate with this request so that we don't have to put up fencing and gates to protect the playing areas.

Similarly, in the village, some horse riders take their horses onto the tarmac footpath between Four Forks and the Village Hall and inevitably the horses make a mess on the footpath, which is rather thoughtless when there is ample grass verge alongside the path. Please can you ensure that you avoid taking horses and ponies on these paths to avoid this problem.

DOUBLE ROMAN TILES

For Sale – Double Roman clay roof tiles, approx 90 in good condition. Most have both nibs intact, 75p each. If you're interested in these please give me a call. Philip Ham, 01278 671626.
