

## THREE NOTES FROM THE EDITORS

We know that a lot happens that is not reported in the SCN. If you are involved with a club/team/activity please let us know what you are doing and contact details. You can submit a short article or we can do that for you.

**And we still need some help editing the Community News. Rowena described the job in the last edition. We will give you all the assistance you need. It's enjoyable and a real help to our community. PLEASE contact an editor if you are interested.**

*What about DATES?  
Let us know the dates of meetings, events and fixtures and we'll add the details to the diary*

Spaxton Community News is distributed FREE to (just about) every address in the parish. Please help this valuable resource by offering to help with its production and distribution and by supplying the information that makes it relevant to our community.
